Dear Sir

RE: Mr. Caul Silford Grant: (JC8360 - H.M.Prison High Down, Sutton, Surrey SM2 5PJ)
Ref: Unresolved Matters of State Lawbreaking, Judicial Corruption and Unlawful
Imprisonments

On 05/09/03 I further wrote to you in regards to the above named member of Campaign
For Truth & Justice.

Caul Silford Grant is a name that ought to be ringing in your ears by now if not at the
very tip of your tongue, given the exceptional circumstances surrounding current and
former injustices he has been subjected to since the omissions and failures of Lord Irvine
of Lairg,

As you know, the disgraced former Lord Chancellor, whilst in the official capacity of
Lord Chancellor, failed to act Judiciously without fear nor favor when Justice Toulson's
corrupt behavior was brought to his attention for re-dress, first by Mr. Grant and then by
Her Majesty The Queen. (who referred the matter to him directly)

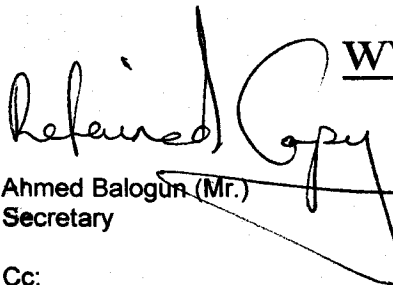

In sum, the failure so far to make appropriate necessary moves to resolve this matter ever
since Myself; Mr. Grant; the Campaign For Truth & Justice; Downing Street and Her
Majesty The Queen have brought it to your attention, remain on record, and is the
clearest observable confirmation of the appallingly contemptuous role you and your
office play in this matter. It is a shame and disgrace that despite the Prime Minister, who
is your boss referring the matter to you from Downing Street since 03/09/03 and Her
Majesty The Queen (whom you administer the office you hold on behalf of) also referred
the matter to you directly since 31/08/03, you still have not thought it necessary to act.

Indeed your conduct is pitiful and amazing for I have never before come across a society
that puts a physically blind man in charge of an organ of government, that even a sighted
person have huge difficulty administering. In the end, I am confident in pronouncing you
professionally ineffective of the office you hold, not purely on the basis of your physical
blindness, but also because personally, you have not shown yourself to be a man of

person have huge difficulty administering. In the end, I am confident in pronouncing you professionally ineffective of the office you hold, not purely on the basis of your physical blindness, but also because personally, you have not shown yourself to be a man of integrity, sense of duty, honor and respect deserving of the office itself. For this we must blame the person who appointed you to office in the first place.

After all as far as I am concern, Her Majesty The Queen is a far more busy person than you are, and if she can find time to read Mr. Grants letter, refer it to you as well as draft him an acknowledgement and response back within 4days, I say, who are you! Tell me, who do you think you are, to be playing with people's life the way you have been doing all this time. It is time you get off your high horse and stop attaching so much self-importance to yourself.

Resolve this matter now! Or I will also be forced to make further approaches to Her Majesty The Queen on this matter.
